

Installation Guide with French Cleat (Double-Sided Tape)

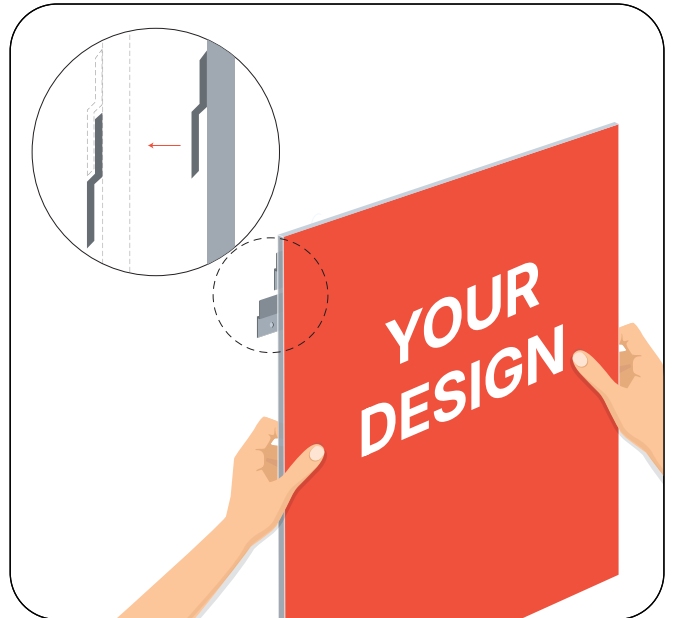

Step 1: Mark the area on the wall where you want your sign to be. Use a level to make sure it is properly positioned.

Step 2: Attach a piece of double-sided tape to the back of the mounting bracket.

Step 3: Attach the mounting bracket with the double sided tape to the wall.

Step 4: Slide the sign with the preinstalled mounting brackets on the back into place onto the mounting brackets installed on the wall.
