# Pop Up Displays Installation Guide

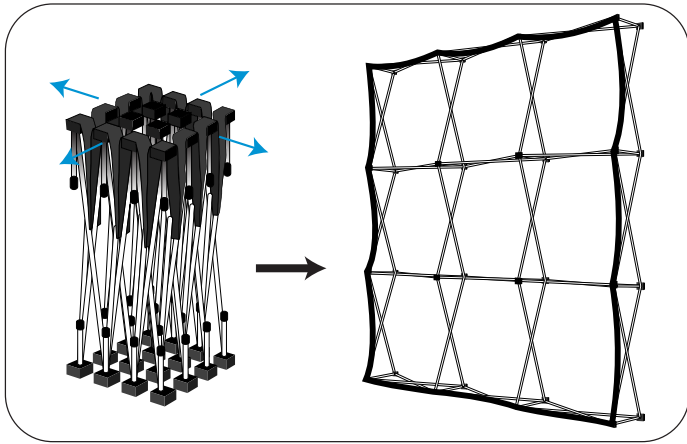

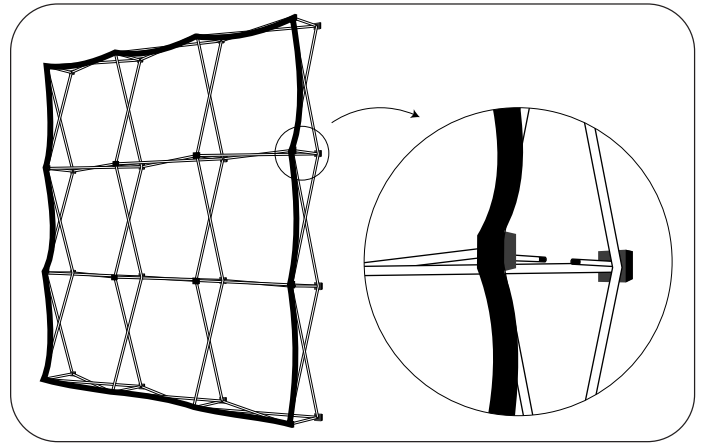

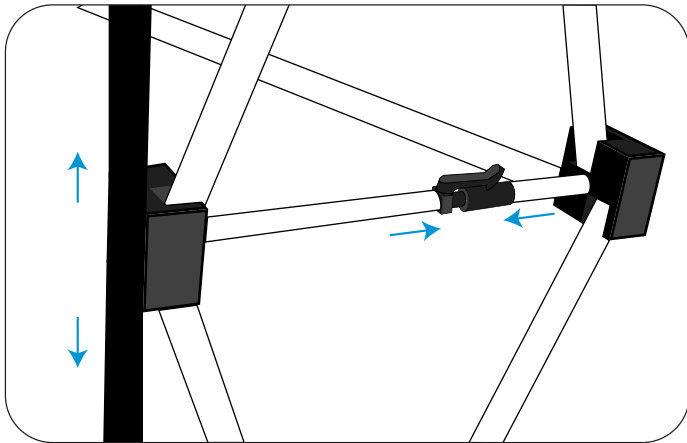

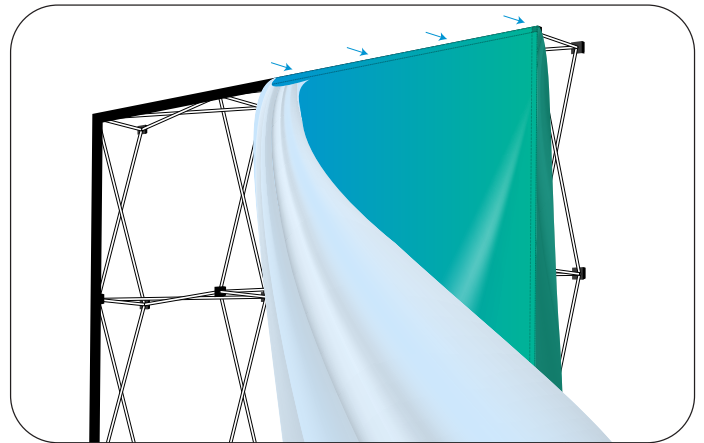

**Step 1:** Stretch the frame to fit the correct size.

**Step 2:** Ensure that the webbing is not tangled around the black locking arms.

**Step 3:** Align all the black locking arms, then securely snap the other locking arms into position.

**Step 4:** Begin attaching the graphic, starting from one corner and progressing to the next.

**Step 5:** Pull the end caps down to the corners of the frame and fix them.

**Step 6:** Repeat the process on the opposite side.
